FEE SYSTEM

Permit Fee Authority:

The amendment to the Water Quality Control Rules, effective November 25, 2003, provides authority for a National Pollutant Discharge Elimination System permit fee for land disturbing activities under the National Pollutant Discharge Elimination System construction stormwater general permits that were effective August 13, 2003. The purpose of these fees is to offset the costs of implementing and enforcing the revised land disturbing permits.

Calculating Fees:

Fees are assessed at a rate of \$80.00 per acre, with half this amount to be paid directly to the City of Austell and the other half directly to the Georgia Environmental Protection Division. The Primary Permittee (only Primary Permittees pay this fee) must write two separate checks (one to the City of Austell and one to the Georgia Environmental Protection Division) each for the amount of \$40.00 per disturbed acre.

The following information is to be submitted to the City of Austell only. The Georgia Environmental Protection Division has its own submittal form, attached.

Please make a check payable to: City of Austell or call 770-944-4325 option 4 to make a credit/debit card payment.
